

Polyamide assembly lines	11
Maximum length of assembled profile	7000 mm
Useful width	240 mm
Useful height	300 mm
Polyamide	8 to 56 mm
Annual production capacity	15 000 Tm

# Thermal break

## Thermal efficiency for your profiles

- 11 polyamide assembly lines
- Maximum profile length: 7000 mm
- Useful width: 240 mm
- Useful height: 300 mm
- Annual production capacity: 15 000 Tm
